Our Story

ASAR – Al Ruwayeh & Partners (ASAR) is Kuwait's leading Tier 1 corporate law firm, and one of the most prominent firms operating across the GCC. ASAR has been operating in Kuwait for over 35 years, in the Kingdom of Bahrain since 2006, and is recognised for professional legal services of the highest order. As one of the region's premier law firms to many foreign and domestic multinational companies, we advise many of the biggest and most ambitious organisations across all major industries and we are consistently considered as the number one law firm of choice.

With our team of lawyers spanning two emerging and highly competitive markets in the GCC, our expertise extends over a wide range of areas that cater to the needs of local and foreign multinational corporations, banks and investment companies, industrial conglomerates, governments and state authorities, and private clients. The firm has multilingual capabilities and provides services in, amongst others, English, Arabic and French.
